

Swarm Aqua® has been installed in:

*Royston*

This new Aldi / M & S out of town development near Royston Herts required a heavy duty linear drainage system to withstand the test of constant heavy loading. The contractor liked Swarm Aqua® for its simplicity and aesthetic finish.

The contractor requested approval from the consultant engineers, who were happy to approve Swarm Aqua®.

Swarm Aqua® is available in a range of sizes from 100mm to 600mm wide with a loading capability up to F900kN. Suitable for any application and surface finish from a residential driveway through to a major distribution center.

With a heel safe finish even at F900kN loading, Swarm Aqua® is the perfect solution for a wide range of applications.

- Heavy Loadings
- Single Channel Size
- Simple & Easy to Use
- Competitive Rates
- Quick Delivery
- Aesthetic Finish
